FLASH! FLASH! FLASH! FLASH! FLASH! FLASH! FLASH! FLASH! FLASH! FLASH!

SEPTEMBER 1983 INTELLIGENCE ALERT

This is not a C.E.D.S. Newsletter. I have had to discontinue the monthly newsletters because of health problems. (Recently had a Pacemaker implanted and must slow down. Will contact you from time to time as important news is received through intelligence channels.) This ALERT will be going out to many people, including Commanders of C.E.D.S. Units.

After a visit with the Wisconsin Posse Group in Tigerton, WI on August 27, 28, I was able to coordinate intelligence reports with Jim Wickstrom. Our information is essentially the same and does not vary in any important detail.

Here is the very latest, from varying intelligence sources, including some high ranking military officers on active duty who of necessity must remain anonymous:

1 - A F.E.M.A. official has reported that the U.S. State Department has asked for U.N. sanctions against Russia, similar to those issued against North Korea in 1950, which will give us the excuse for military intervention in Lebanon. The second contingent of 2,000 marines has now landed there and everything points to our direct involvement in the very near future.

2 - Further information indicates that the Korean 747 which was shot down over the Sea of Japan was loaded with sophisticated infra-red spy equipment, but that they were not over Soviet territory when shot down as we have been told. Two other U.S. planes have been shot down in this same area since the middle of August, a U.S. reconnaissance jet and another unidentified military plane carrying 47 men. What's rotten in Denmark that hasn't been told? Incidentally, my wife and I were scheduled to fly to Korea in the plane which was destroyed. We were headed for Seoul for the 30th Anniversary of the ending of the war, as guests of the Korean people and cancelled our flight two weeks before the tragedy occurs. Could this be the hand of YAHWEH God, watching out for His watchman?

3 - Almost every report we are receiving indicates a frantic move on the part of the Pentagon to prepare us for an early war. The 1st Battalion of the 75th Airborne Regt from Ft. Stewart, Georgia and the 2nd Battalion from Ft. Lewis, Washington are already in

Luke 11:21 - "When a strong man armed keepeth his palace, his goods are in peace."

Alaska. The 2-million Soviet troops in Manchuria, poised for invasion, are being supported by 8 divisions of Red Chinese infantry. Whoops! Thought those fellows were bitter enemies? But that's the scoop! Alaska is being reinforced frantically for an attack from the north. Two Ranger Battalions and many horses have been sent to Alaska. Information received indicates that the attack against our northern boundaries will begin with a massive air attack, in which Battalion size airborne units will assault and totally demolish the Alaska pipeline.

4 - Information from the Pentagon indicates that the U.S. will be totally geared for war in Central America by Christmas. Already leaves are being cancelled and military men are receiving the shots they take before being sent overseas. At present we have 8,000 combat troops in Panama, with others expected in the near future.

5 - The 101st and 82nd Airborne Divisions are on "standby alert." The 1st Bn, of the 327th Regiment of the 101st, an Air Assault BN. is already in Alaska. Our European forces are due for heavy reinforcements in the very near future.

6 - The Armed Forces is once again promoting Officer's Candidate Schools (OCS), which are used only during times of "all out" war, to resupply combat officers to front line units.

7 - 4 to 5 flights of men and equipment are leaving weekly from Corpus Christi, Texas A.F.B. and from Charleston, S.C. AFB. They are headed for Honduras.

8 - Pentagon plans call for a joint attack by U.S. and Honduran troops against San Salvadore and Nicaragua. Troops from Ft. Stewart, Georgia; Ft. Polk, Louisiana; Ft. Carson, Colorado; Ft. Lewis, Washington; Ft. Riley, Kansas, Ft. Hood, Texas and Ft. Ord, California are preparing to be shipped out of the country.

9 - Inside information reveals that the Communists will be allowed to take San Salvadore and Nicaragua, then will regroup and after being resupplied by the Soviets, will attack south towards the Panama Canal.

10 - Other information indicates that 4 divisions of Mexican troops are now deployed along the southern border of Mexico to keep refugees from coming into Mexico.

11 - The 51st A.D.A. (ground-to-air missile) Battalion, plus three other batteries have been emplaced along the Big Bend Area of Texas, with headquarters at Toby Wells. This gives our defense force over 500 missiles to be used against hostile forces.

12 - The entire U.S. Military Command is in the advanced stages of war-time preparation.

13 - Two divisions of Soviet tanks have been sighted 200 miles south of the U.S. border, being manned by Cuban troops who were brought home from Angola about eight months ago and who have been receiving advanced armour training in Cuba.

14 - There is much evidence of heavy armour and artillery being rushed south and Army Engineer units are being supplied with thousands of anti-tank mines and anti-tank missiles such as TOW. Enough for now - I'll keep you informed! For Christ and Freedom,

Jack Mohr
